

THE PHONETIC ALPHABET

Compliments of Counter Intelligence Services®

The Phonetic Alphabet is used to verify letters of the alphabet with sound. Many agencies use the Phonetic Alphabet extensively, including the United States Armed Forces, state licensing bureaus, law enforcement agencies, collection agencies, credit bureaus and lending institutions. Many of these agencies require the use of the Phonetic Alphabet when making inquiries. In addition, its use will speed up your work, and avoid costly and embarrassing errors.
