Re: Letter of recommendation

To Whom It May Concern:

I have known Mr. Epstein for over 6 years and have utilized his investigative and process services for the past three years with only good results.

Mr. Epstein handles himself in a professional manner, and has been one of the more attentive individuals I have worked with during my career. Mr. Epstein and Counter Intelligence Services have conducted numerous investigations for me, along with services of process both statewide and national.

I look forward to a continued business relationship with Mr. Epstein and the fine staff at Counter Intelligence Services. Thank you.

Respectfully,

Zeb I. Goldstein, Esquire
